

Spring 2- Rights and Respect

This half term we will be following the SCARF PSHE unit 'Rights and Respect' across the school. This unit allows children to explore the concept that everyone has the right to respect and how we can be respectful towards others.

| EYFS- Foxes and Badgers | Year 1- Owls and Hedgehogs | Year 2- Rabbits and Squirrels |
|---|---|--|
| <p>The children will explore the concept of respect and taking care through stories and role-play. They will consider ways that they can show respect for the special people in their lives through a range of drama scenarios e.g. your parent looks very tired at the end of a long day, Grandma is unwell etc. As well as thinking of ways they can be helpful at home, they will also think of ways in which they can take care of their friends in school and the school environment. Caring for our world is an important thread through this unit of work.</p> | <p>The children will learn about the importance of taking care of our environment and the world around us during this unit. They will create posters to display in different areas of the school to promote respect and they will also choose different roles to show they can take care of the school and those in it e.g. feeding the fish, watering the class plants etc. The children will also discuss the importance of taking care of money; they will consider ways of fundraising for something together as a class, looking after the money and spending the money carefully.</p> | <p>The children will begin the unit by talking about how to show respect to others by ensuring they listen to their ideas, and in return they have the right to have their ideas listened to by their peers. They will revisit who they can talk to if they feel unhappy or unsafe in a range of situations. They will then develop their understanding of the concept of respect by exploring how they can respect their immediate environment and the wider world.</p> |

Books you could share about rights and respect together at home:
