

Year 1 and 2

## Orange Reading Activities

This half term we would like to practise your Book Club book (Yr 2) or your Little Wandle book (Yr1) as often as you can with your families to help you grow into a fluent, confident reader. We would also like to hear about how you have been enjoying the book you have chosen from our class book box with your family– sometimes you might choose a chapter book or a favourite book that you have read before! If you would like some extra reading challenges to support our Orange learning theme this half term you might want to try some of these suggestions– we would love to celebrate any of the activities that you choose to do in the classroom. Happy reading!

### An Autumn Story

Can you visit the local library to find a story that is set in autumn? We would love to share the story with the rest of the class!

### Research about farm machines

We are looking forward to visiting Parklands Farm to learn about the machines Mrs Willets uses to sow and harvest her crops. Can you read a book or research online about the different machines farmers use?

### An Autumn Poem

We have enjoyed reading a poem about Squirrels and a poem about Pumpkins. Could you find an autumn poem to share with the rest of the class? Or a poem about fruit or vegetables?

### An Autumn Recipe

Can you find and follow a recipe using some of the autumn fruit or vegetables we saw at the allotments? We would love to share a photo of what you have made with the class!

### Traditional Tales

We enjoyed sharing the story of Cinderella. Can you read another traditional tale?
