### Music Vocabulary

There are lots of different things to consider when we are making and listening to music. Some of the most important words that you should know are below.

Pulse is the steady beat, like a ticking clock or a heartbeat. Music has a pulse. Sometimes, we can clap or move in time to the pulse of music.

Rhythm is the pattern of long and short sounds in music. In lots of music, a rhythm is repeated throughout the song.

The pitch is how high or low a sound is. An example of a high-pitched sound is a whistle, a low-pitched sound is a drum.

The tempo is how fast or slow the music is. Fast-tempo music can sound energetic or frightening. Slow-pitched music can sound sad.

Volume is how loud or quiet something is. When making music, we can use loud and quiet sounds to show different ideas and emotions.

### Using Song Maker

-On Chrome Music Lab, click on the multi-coloured smiley face for Song Maker.

-By clicking on the different squares, you can make different musical notes. The higher up you click, the higher the pitch!

-Clicking on the shapes below the notes allows you to add in percussion, e.g. drums and symbols.

-You can change the instruments that make the sounds, by clicking on the different options in the bottom left.

-By moving the dot along this bar (at the bottom of the page) you can change the tempo, making it faster or slower.

-This symbol lets you listen to the music that you have made!
